houses but the colony as a whole. These aspects, the Chief Minister assures us would be decided positively within a month and half and placed before this Court for appropriate directions. The papers to be filed within 10 days or 45 days would also indicate the charges which may be payable for the regularisation of the various colonies decided to be regularised.

The case will first come up on 1st September, 1998. To consider the papers to be filed within 45 days the case will come up on 13th October, 1998. A copy of this order be given casti to Ms. Geeta Luthra.

Justification for not providing the said facilities in these two colonies. We have made repeated orders directing the Government to take a stand on at least the matter regarding provisions of electricity and water in these two colonies. In case ultimately these colonies are not to be regularised, the electric and water connections can go with it and would be subject to the ultimate decision of regularisation or otherwise taken by the Government. In this regard the Chief Minister states that in the affidavit to be filed within 10 days a definite decision will be taken one way or the other.

In respect of the colonies on the Government land and other colonies which are not to be regularised for one reason or the other, it is high time that the Government takes a definite decision. Over the years we have passed repeated orders impressing upon the Government that the result of not taking decision is resulting in corruption at various levels. We are not suggesting, for the present, whether a particular colony shall be regularised or not but what we are directing is to take a definite decision and if it is decided to be not to regularise a particular colony then to carry out that decision to its logical end by demolition action and not merely demolition of only few selected

The matter regarding cut off date for regularisation of unauthorised colonies was also discussed. On this record so far, the cut off date is 31st March, 1993 and that is also the date given in the report of the High Level Committee of March, 1997. That committee was set up to examine various issues relating to unauthorised colonies in Delhi. Mr. Sahib Singh Verma, learned Chief Minister states that now there is a thinking that the unauthorised colonies set up upto 31st December, 1997 on private land may be regularised subject, however, to the other riders. The Government will place on record its detailed action plan including the cut off date within 10 days. It will also state whether ~~now~~ the cut off date would be of any meaning or again it ^{will} be extended. We may note that cut off date was fixed as 1977. It was then extended to 31st March, 1993 as stated in various documents placed on record and today the thinking is that it may be 31st December, 1997. Considering the state of affairs in Delhi some cut off date will have to be strictly adhered to lest the Delhi sinks under its own weight besides other problems including that law and order. It was represented on behalf of some of the residents of Sainik Farm House and Anant Ram Dairy Colony that if electric and water connections have been given to other colonies on private land there is no

unauthorised colonies on private land will be placed on record today. The Chief Minister has made a request that in these unauthorised colonies on private land the Government should be allowed to provide drainage and roads. It was also submitted that absence of drainage is resulting in various health hazards. In this connection, we may note that nearly four years back in terms of order dated 19th August, 1994 a clarificatory order was made by this court stating that if law enables the authority to supply electricity and water, the same can be supplied. From what we have been told today despite that order it took nearly three years for the authorities to supply electricity and water since about one lakh temporary electric connections are stated to have been supplied in some of those colonies on 30th June, 1997. In respect of drainage and roads, we give similar clarification as was given on 19th August, 1994 that if the law enables the Government to provide these facilities in unauthorised colonies on private land the same may be provided. We hope that if these facilities are to be provided by the Government, now it will not take it three years to provide the same. The Government would be free to levy requisite developmental or other charges for providing these facilities.
